I always told him, he was my favorite son-in-law. Our family was blessed when our daughter married Keith. He was not only a good husband, but also a good father to Chris and Craig. He loved spending time with his wife and boys. I will miss him terribly because he always was bringing me a birdhouse or something to eat when they went to a place he knew I liked. Keith will be missed, but I know our prayers have been answered, because we ask for God's will to be done, he is no longer suffering. Keith is there with his son (Craig) and family. His memories will always be with us. I love you Keith for being the son-in-law you were to me. Love your mother-in-law

I don't know where to begin, we've been married almost 38 years. It's so hard to believe we won't be celebrating another 38 together. My heart breaks that you're not here to meet our granddaughter that you were so excited about. I know in my heart you are no longer suffering from fatigue and struggling with your sugar. I also know you are with our baby boy fishing the day away and eating whatever you want. Just know I will be ok I'll miss you terribly but I did not want you to suffer. The last two weeks watching you in the hospital was so very hard because I couldn't help you get better. I prayed everyday and night if it be Gods will to bring you home to him I was ok. I love you more than any words you are and will always be my heart. I love you and miss you. Until I see you again. Love your wife.
